PRAYERLETTER

Dear Christian Friends:

Á poe be zuo bo dyu beor je - in the Bassa dialect means: we thank you for the children. Our prayers are always with you. This Prayerletter focuses on (1) the orphans, (2) Christian High school, (3) Church of the Believers' Convention 2010, and (4) Boynton Beach Outreach.

There was an outbreak of measles at Koko Children's Village and seven of the orphans were infected. They were hospitalized for a week at the JFK Hospital in Liberia. Praise God the children were healed and are now home. Thanks for your prayers because this contagious disease did not spread among the rest of the children. We are, also, grateful to God for those partners and friends who generously contributed towards the hospital bills. Additionally, the Lord provided and the rest of the children at the Village were vaccinated.

The orphans took their final examine for the second semester successfully. Some of them sat for the West African Examination Council's (WAEC) examination this year at the end of May. We are expecting their results at anytime.

AICM operated Christian High School administered its final examination for the second semester last month in Liberia. Also, one hundred sixty students took the West African Examination Council's examine. Those who sat for the WAEC's examination were the 6th, 9th, and 12th graders. The school is preparing for graduation and for academic years 2010-2011.

Also, pray for the National Church, Church of the Believers in Liberia. The church embarks on planting two new churches this year and their "2010 National Convention" in Monrovia during the second week of December.

We are collecting assorted foods, used clothes, dishes, furniture, shoes, sneakers, beddings and other staples of life for the Community Outreach of Boynton Beach. We provide food and clothing to over forty families weekly and the number is increasing. You can drop off your (Tax-deductible) donation to: 420 SE 4th Street, Apt. 420-A. Or, call us (56-577-3725) to pick it up.

Happy Independence Day!

Yours for Missions,

R. Zarwulugbo Liberty, Pastor

Georgena Tarr

"I'm 8 years old and a kindergarten student. I came from Grand Bassa County where my parents were killed during the war. But God has given me new family and parents at Koko Children's Village. Praise God for those who are supporting us through our parent, Pastor Liberty and Esther Liberty in the United States."
